No problem Wei. Here's your key.

3DAR key: 04b7d7bd944f29c8d7c9e759a3f86090bba0959b
App: sg.edu.sp.SP-Tour

Hi,

Thank you for the response. My company has recently changed their plans. Instead of adding AR to one of our existing app, they have decided to create a new app instead. Hope you will not mind but I will need another key for this new app. The app identifier is sg.edu.sp.SP-Tour

Once again thanks a lot for your help

Hello,

I sincerely apologize for the delay in responding to your request. Our contact form has been having problems.

Here is the application key you requested.

3DAR key: 6eb3d4b7d95fadf0417761322a97e4ce2fdb6b38
App: sg.edu.sp.SP-Map

As you have likely seen on the 3DAR website (www.3dar.us), sample code, as well as video and written tutorials, are available for your use. You will also find a link to our Changelog on the Docs page of the site.

Thanks for your interest in 3DAR!

Mark

Hi

I would like to request for app keys for my application. The app identifier is sg.edu.sp.SP-Map

Thanks

Wei Guang
